

Lull Telehandler Part

Lull Telehandler Part - Telehandlers by Lull have been supplying load placement accuracy since the year 1959. The Lull telehandler can help make the job faster and easier, whether the job entails positioning heavy steel, landing loads on scaffolding or transferring loads. These units are complete together with the patented Stabil-Trak stability system to ensure operator confidence.

The Lull horizontal load placement system supplies 80 inches of boom travel for precision placement capabilities. Different optional attachments is accessible for Lull telehandlers to help do whatever work.
