

Rockwell Part

Rockwell Part - AxleTech International is a leading supplier in the globe of specialty vehicle drive-train systems and parts along with off highway vehicles. The business prides itself on being its customers' preferred supplier. AxleTech strives to meet and exceed their clients' expectations for technology, delivery, quality and service. They believe in working in an atmosphere which encourages the utmost integrity with empowered collaboration, together with a relentless pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They put great emphasis on being an environmentally conscious business and providing a safe environment for their staff to work in. Moreover, they have implemented a lot of programs within the company so as to help articulate these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with whatever questions or comments, because they are happy to share and promote this policy with a greater understanding of their efforts. They are really committed to preserving and improving the environment. AxleTech has an EHS program which not only protects the natural world but which also actively protects their neighbors and employees as well.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in designing and manufacturing planetary axles utilized for both commercial and military applications. These applications vary from construction equipment to airport ground support. AxleTech specifically designs axles to meet certain application demands. They have over one thousand various axle specs in their existing offering. With more than one hundred years of history and skill, AxleTech proudly supplies the most complete solution for any of your axle needs. The business is well known in several commercial and military applications. They offer complete axle assemblies for aftermarket replacement requirements, along with servicing axle needs for OE production. Their high mobility ISAS have further details that could be found in the "ISAS" product collection.
