

Concrete Hopper

Concrete Hopper - This accessory is a self-dumping hopper that automatically starts to dump whenever bumper release contacts the side of a dumpster. After unloading is finished, the hopper returns to a locked and upright position. This particular piece of machinery is also available along with a cable that enables operation from the seat of the forklift so as to have the alternative of manually dumping the hopper. There is a locking chain provided so as to secure the hopper to the tire truck. This particular product is made with reliable and consistent robotic welds for utmost strength. The forklift dumping hopper also has a blue powder coat finish to be able to maintain durability.
